

# NEWSLETTER

Welcome to our August newsletter

This month's topic has been all about the world around us.

The rooms have been very busy looking at different aspects of the world in which they live.

## Younger Babies:

I would like to take this time to introduce you to Bekki who will now be working in our younger baby room. Bekki is a qualified nursery nurse who has had lots of experience working in nurseries. Bekki has lots of fresh ideas for the baby room and many baby room parents will already have seen the changes that have been made.

This month the topic in the younger baby room has been the world around us. The staff have been busy making the room into a jungle and the babies have enjoyed exploring the jungle and have had lots of fun getting messy, painting and sticking the different animals.

Having fun exploring the jungle

## Older Babies:

The older baby room have had lots of fun taking part in dinky dancers, the babies have enjoyed

playing with the parachute as well as playing with the musical instruments.

Shake ,shake shake babies

The older babies have also had lots of fun learning new nursery rhymes, the older babies have enjoyed making ducks for 5 little ducks as well as making a big bus for the wheels on the bus. The children also had a visit from zoo lab where they saw a variety of animals including a rat, worms and spiders.

## Younger Toddlers:

The children in the toddler room have had loads of fun playing in their new room, since separating the two toddler rooms the younger toddlers have been very busy making new displays, as part of the topic

the world around us the younger toddler room made pictures about space. The children enjoyed making space ships and learning the song “5 little men in a flying saucer”

The children have also enjoyed going on several walks to the local shops to buy fresh fruit for their snacks and to the local pet store where they saw lots of different animals and to feed the ducks by the canal.

The children made displays of there outings for everyone to see.

The children have also had a visit from tiny mites who do music movement and singing sessions with the children.

We would also like to welcome Grace, Clarrisa, Isabell and Leia-Rose to the toddler room who have moved up from the older baby room.

### **Older Toddler:**

The older toddler room discussed the topic of the world around them and were asked what they would like to do, the children came up with lots of ideas so Laura and Claire decide to use all the children’s ideas and interests and have individual topics for all the children in the room. The children enjoyed learning all about spiders and where they live and even went on a spider walk around the garden to see how many spiders they could find.

The children also enjoyed their visit from Zoo Lab where they saw many interesting animals and creepy crawlies, the older children saw a snake a tarantula as well as a rat and a worm.

The toddler room children have also made the most of the nice weather, being outside in the garden, playing and exploring.

### **Pre-School:**

We would like to welcome Harry to the pre-school room that has just moved from the older toddler room.

The pre-school children as always have been very busy and very creative, Sharon and Faye have been hard at work ensuring that the displays in the new pre-school room were all covered in the children’s beautiful art work.

The topic for this month was the world around us and like the toddler room pre-school decided to learn all about space. The children made aliens by hand painting and sticking googly eyes on the fingers of the painting as well as making marble painted planets to hang from the display board.

The children asked Sharon and Faye if they could make a rocket for the display so Sharon, Faye and the children got busy and creative and made a hanging rocket.

5,4,3,2,1,BLAST OFF

To prepare the children for school the pre-school children have been playing lots of games to help them share and take turns, the children have also been working hard on their numbers and sounds.

Happy birthday to the following children who celebrated their birthdays in June

Caleb  
Gabriel  
Isabelle  
Ruby  
Samara

Holly and Team

### Seasonal weather items

With the unpredictable weather recently please can you make sure that your child has sun cream and sunhats, wellington boots and also coats for those slightly colder days so we can still get some fresh air and physical exercise, many thanks.

### New starters

We would to welcome the following children who have all started over the past few weeks  
Juhi, Dhillan, Anesu, Ben and Mollie.
